Dear Mr. Charles E Conner

This is in reply to the application for certification, submitted on your behalf by M. Flom Associates Inc. for the model listed below.

I have reviewed the test report and related documents, and am pleased to advise that this device meets our procedural and specification requirements for certification. The field offices have been notified. A certification certificate is attached for:

Model	Certificate No.	Certification No.
BTR-700	14418	1321231218A

The assigned certification number and the name of your firm must be shown on each equipment model. This certification identification information may be shown on the equipment model identification plate or on a separate label that shall be indelible and tamper proof. The certification number shall be prefixed with the word "CANADA" or "CAN" if space is very restricted. Radio equipment is certified as described on the attached certification certificate.

A website has been established to allow clients to view the status of applications for certification. The address is <http://spectrum.ic.gc.ca/~cert>

Sincerely,

Dan Sigouin
Certification Officer

Certification of equipment means only that the equipment has met the requirements of the above noted specification. License applications, where applicable to use certified equipment, are acted on accordingly by the issuing office and will depend on the existing radio environment, service and location of operation.

This certificate is issued on condition that the holder complies and will continue to comply with the requirements of the radio standards specifications and procedures issued by the Department.

L'homologation de matériel terminal signifie seulement qu'il est conforme aux exigences du cahier des charges mentionné ci-dessus. Les demandes de licence, le cas échéant en vue de l'utilisation de matériel certifié seront traitées en conséquence par le bureau chargé de délivrer lesdites licences, en tenant compte du milieu radioélectrique ambiant, du service radio existant et de l'emplacement de la station.

Le présent certificat est délivré à condition que le détenteur se conforme et continue à se conformer aux cahiers des charges et procédures sur les normes radioélectriques publiées par le ministère.
