Attention: Charles E. Conner

Dear Mr. Conner,

This is in reply to the application for certification submitted on your behalf by M. Flom Associates Inc. for the model listed below.

I have reviewed the documents provided and the equipment has been certified as requested. Our field offices have been notified of the approval and a certification certificate is attached for:

Model	Certificate No.	Certification No.
BTR-800	13315	1321231218A

The assigned certification number and the name of your firm must be shown on each equipment model. This certification identification information may be shown on the equipment model identification plate or on a separate label that shall be indelible and tamper proof. The certification number shall be prefixed with the word "CANADA" or "CAN" if space is very limited.

To expedite future requests for changes in existing certifications, family approvals, or multiple listings, please refer to the certification certificate number shown in the upper right hand corner of the certificate.

A web site has been established to allow clients to view the status of applications for certifications, reassessments, and label orders in progress, and to view or download various documents associated with the certification process. The address is:

<http://spectrum.ic.gc.ca/~cert>

Sincerely,

Gabriel H. Clavel, C.E.T.
Telecom Engineering Specialist
Telecom Certification Section

Att: certificate as above
cc. Morton Flom, M. Flom associates Inc.

Certification of equipment means only that the equipment has met the requirements of the above noted specification. License applications, where applicable to use certified equipment, are acted on accordingly by the issuing office and will depend on the existing radio environment, service and location of operation.

This certificate is issued on condition that the holder complies and will continue to comply with the requirements of the radio standards specifications and procedures issued by the Department.

ISSUED UNDER THE AUTHORITY OF MINISTER OF INDUSTRY
DELIVRE AVEC L'AUTORISATION DU MINISTRE DES INDUSTRIES

DATE **February 14, 2001**

L'homologation de matériel terminal signifie seulement qu'il est conforme aux exigences du cahier des charges mentionné ci-dessus. Les demandes de licence, le cas échéant en vue de l'utilisation de matériel certifié seront traitées en conséquence par le bureau chargé de délivrer lesdites licences, en tenant compte du milieu radioélectrique ambiant, du service radio existant et de l'emplacement de la station.

Le présent certificat est délivré à condition que le détenteur se conforme et continue à se conformer aux cahiers des charges et procédures sur les normes radioélectriques publiées par le ministère.
